

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Rev. Edwin F. See, General Secretary Brooklyn Y. M. C. A.: "I have carefully examined the SONGS OF PRAISE, compiled and edited by Dr. Mudge, and believe it will be of great service where a compact and yet complete collection of good music is called for."

Rev. Fritz W. Baldwin, First Congregational Church, Chelsea, Mass.: "SONGS OF PRAISE is a worthy companion to the CARMINA SANCTORUM, the larger book, which I regard as one of the best hymn books printed. ABBOT ACADEMY,

FOR YOUNG LADIES. SIXTY-FIRST YEAR.

ANDOVER, MASS.

The full course of study covers four years, and embraces all the usual academical studies, special attention being given to Mental and Moral Philosophy, English and General Literature, the History of Art, and to the Latin, French, and German Languages. Superior advantages are afforded in Music, Drawing, Painting, and Elocution. Pupils are received for a single year or more.

This Academy enjoys many incidental advantages through the other literary institutions in the same village, while easy access to Boston and Cambridge brings within its reach fine Music, Art Galleries, Museums, Cabinets, and the Botanical Garden, to all of which, classes, with their teachers, have occasional access. The Academy has a fine Clark Telescope, good working cabinets, models and apparatus of its own.

The domestic arrangements are peculiarly homelike. The school is divided into three separate families in separate houses, each under its own matron and teachers. One of these families is made up wholly of pupils in French, in which language the daily table-talk is carried on under the direction of the French teacher. Another family is occupied with German in like manner. The grounds are spacious and tasteful, forming an attractive part of the quiet and pleasant village.

The school has been successfully conducted for more than twenty-five years by the same principal teacher, whose constant endeavor is to so educate girls that they may mature into healthful, cultivated, earnest, Christian womanhood.

The total expenses for board, including fuel, lights and washing, and for tuition, except music and drawing, are $300 per annum. The sixty-first year begins on Thursday, Sept. 12, 1889.

ATLANTA UNIVERSITY,

ATLANTA, GA.

REV. HORACE BUMSTEAD, D. D., PRESIDENT.

The Institution has 500 students, under 26 officers and teachers, in all grades of study from the primary school up through grammar, normal, and collegiate courses.

Industrial training is given to boys in wood-working, iron-working, mechanical drawing, printing, and farming; and to girls in cooking, sewing, dress-making, and domestic economy.

The religious training given is thoroughly Christian, but strictly unsectarian. An eminent Georgian recently said: "The public school teachers furnished by Atlanta University have not only the education, but also the *character* needed, and they do as good work as is done in the white schools."

The 200 graduates from normal and college courses are spreading their leavening influence through Georgia and surrounding States. More than two thirds are teaching, ten being principals of city schools. Hundreds of undergraduates are also teaching every summer. Ten graduates are pastors, two are lawyers, two are doctors. Many are heads of Christian families.

The property consists of sixty acres of land within the corporate limits of Atlanta, four large brick buildings, substantially but very economically built, library of 6,000 volumes, apparatus, and industrious equipment, all unencumbered and free from debt. Besides about $28,000 of invested funds, mostly scholarships, it has no endowment.

An endowment of at least $250,000 for current expenses is urgently needed, and, until it is secured, an annual appeal must be made for at least $18,000, to carry on the work now organized.

Form of Bequest.

I give and devise to the Board of Trustees of the Atlanta University at Atlanta, Ga., the sum of .....dollars, payable, etc.

[Three witnesses.]

The Bulletin of Atlanta University, a four-page monthly printed by our students, contains much additional information about our work. Subscriptions at twenty-five cents a year may be sent to the Treasurer of Atlanta University, Atlanta, Ga.

FISK UNIVERSITY.

HISTORY.

THE work of founding Fisk University was begun early in October, 1865. It was clearly seen that Nashville was a strategic point, at which should be built up a great central institution on a foundation broad enough to enable it to provide for every educational demand that should arise in the development of the newly emancipated race. Hence, in 1867, a charter was secured for a university. The name was given in honor of Gen. Clinton B. Fisk, who most heartily and efficiently co-operated in its establishment, and who has ever since been President of the Board of Trustees.

RESULTS.

Beginning with a people just emancipated, the growth of Fisk University fitly represents the educational progress of the race during a period of freedom covering less than a quarter of a century. When the "Fisk School" was started there were no public schools for colored children in Nashville, and there was no demand for instruction except in the simplest branches of a common-school education; the pupils were then all from the city. There are now in successful operation the following departments of instruction:—

I. THE COMMON ENGLISH, which has been maintained to meet a continued need on the part of many of the patrons of the University.

II. THE NORMAL, which has a course of study extending over four years, beginning with Latin and Algebra.

III. THE COLLEGE PREPARATORY, which has a course of study extending over three years, beginning with Latin and Algebra, and requiring two years of Greek.

IV. THE COLLEGE, which has a four-years course of study additional to that provided in the College Preparatory Course.

V. THEOLOGICAL. Thus far the instruction in this Department has been fragmentary, but plans are now being devised for the erection of an appropriate building for a Theological Seminary, and the enlarging of the Faculty, so as to provide a course of study covering three years.

VI. DEPARTMENT OF MUSIC, with an extended course in both instrumental music and voice culture. There are over one hundred pupils in this Department. In addition, vocal music is taught throughout all the courses of study. The Mozart Society studies and renders the Classics in music.

VII. INDUSTRIAL. This important department of education has not been made a prominent feature in the educational work of Fisk University. Printing and Carpentry are, however, taught to classes of young men. The young women are instructed in Nursing, Cooking, and Sewing.

GROUNDS AND BUILDINGS.

The University has a campus of thirty acres, with buildings and other appliances for its educational work, which have cost $250,000.

ATTENDANCE.

The present number of students is five hundred and eight. Twenty States are represented.

GRADUATES.

There have been graduated, from the College Department eighty, and from the Normal fifty-five. Many hundreds have received a good English education, which has fitted them for teaching and business. The present number of pupils in the Normal and College Departments nearly equals the entire number which has been graduated during the past twenty-four years. Of the Alumni ten have become ministers, six lawyers, five physicians, and most of the others hold important positions as educators. Three are missionaries in Africa.

ENDOWMENT.

The University is without endowment. The annual expenses, above the small income from students, are met by voluntary contributions, made directly to the University, or through the American Missionary Association which founded the University and has continually fostered it. THE DEMAND IS NOW IMPERATIVE FOR AN ADEQUATE ENDOWMENT. Haply some one reading these lines may find pleasure in helping towards this endowment.

EXPENSES.

The cost of room, board, and tuition is $12.00 per calendar month. Instruction in Instrumental Music is fifty cents per lesson, including use of instrument for practice.

The Scholastic Year 1889-90 will open September 23d.

For information address either of the undersigned.

RIPON COLLEGE,

WISCONSIN.

Ripon College was organized in 1863. Since that time it has made steady progress in providing buildings and furnishing them with the best facilities for instruction within reach, in manning its departments with able and devoted teachers, and in general reputation and influence.

It is the aim of the Institution to provide for the liberal education of young men and women, and in doing this to keep its standard fully up to that of the best Western colleges, and its methods of instruction in harmony with the most enlightened views of education. It aims also to furnish a thorough preparation for the pursuit of college courses, and to provide a sound, practical education for such as may desire to fit themselves for common-school teaching or for business. Its purpose is also to make the expense of pursuing a course of liberal study as low as is consistent with a high degree of excellence in its results, and thus to keep a liberal education within the reach of young men and women of limited means. It is likewise the earnest purpose to conduct the Institution on distinctively Christian principles, and to have it pervaded with a strong and healthy moral and religious influence. While aiming at the best results of intellectual training, its instructors ever bear in mind that character is more than these; that the development of character is an essential part of the work of an educational institution, and that there is no sound basis of character except in Christian principle.

Classical, Scientific, and Musical courses of study are provided, and thorough Preparatory and English Schools, under the care of the same Faculty, fit pupils for the higher courses. Supervision is constant, and self-help is particularly encouraged.

Ripon is situated in the region famous for beautiful summer resorts, the healthfulness of its climate and absence of malarial diseases. Send for Catalogue to

HISTORY OF BILLERICA

WITH A GENEALOGICAL REGISTER,

Published in 1882, has borne the test of use and critical examination, and approved itself as one of the best of the town histories.

The early history has prominence, details being drawn from the well-preserved records of the town, with important additions gathered from the Massachusetts Archives, the Middlesex Registry of Deeds, Probate Records, and other sources.

The Genealogical Register embodies all births, marriages, and deaths found in the town records prior to 1800 (in fact to 1840). All families bearing the names Farmer, Jefts, Kidder, Kittredge, Pollard, Shed, and Toothaker, whose lines in this country go back to 1700, will find their American progenitor in Billerica. Extensive branches were also here of the families of Crosby, Danforth, Farley, French, Frost, Hill, Manning, Parker, Patten, Richardson, Rogers, Stearns, and Whiting.

To the sons and daughters of Billerica, scattered through the land, and to the large and increasing number who are interested in our local history and genealogy, this volume is confidently commended as worthy of their attention and patronage. It is a handsome octavo of 520 pages, and sold in cloth binding or in sheets, at the low price of $3.00 and cost of delivery (*by mail* 25 *cents*).

ELIOT CHURCH, NEWTON, MASS.

ELIOT CHURCH, NEWTON, MASSACHUSETTS.

George F. Meacham, Architect, Newton, Mass.

THE new Eliot church edifice stands in the place formerly occupied by the wooden structure which was burned in January, 1887. The general design of the building has features of the Romanesque style of architecture, while the carved enrichments, both on the exterior and in the interior, are in the Byzantine style. It is built of slightly pink-tinted granite from the Braggville quarries, near Milford, Mass., with rich Kibbee brown sandstone trimmings from Longmeadow, Mass. The principal tower is between the church and the chapel. It is 127 feet high, with clock dials, which are illuminated at night, and an open belfry. The bell weighs 3,524 pounds, most of which is metal from the old bell, and has the old inscription: "Blessed is the people that know the joyful sound." Near the corner of the street is the *porte-cochère*. The small round tower is 85 feet high, with round pilasters crowned with winged angel heads.

As may be seen by the plan, the auditorium is cruciform. The greatest dimensions are 116 feet by 91 feet; the width of nave and of transepts is 64 feet each. The floor is inclined toward the pulpit 42 inches, and the pews, seating eleven hundred persons, are in the form of an amphitheatre. There are seats for a large chorus in front of the organ. The roof is exposed, and is constructed with hammer beam trusses, and there are no columns that obstruct the view of the platform. The only columns are those supporting the double diagonal trusses at the intersection of nave and transepts. These are in pairs, and are of rich Etowah marble. The auditorium is finished in cherry, and has a beautiful depth and richness of form and coloring. There are ten memorial windows — in memory of George W. Bacon; Andrew P. Cobb (a John Eliot design); Joseph P. Cobb; of the father, husband, and son of Mrs. Eleanor H. Coburn; of the wife of Edmund W. Converse; of David Brainerd Jewett; George H. Jones; John C. Potter; William Otis Trowbridge; and Ebenezer Woodward.

The chapel is 46 feet by 63 feet. The height of this room is 40 feet, which gives height enough for galleries to open into it over the rooms at each end. These galleries are divided into seven class-rooms, and are shut off, when desired, by heavy portières. In the chapel decorations a variety of colors is used with subdued contrast, more cheerful than the similar tones of the auditorium. The Sunday-school library is under the church organ, and opens into the chapel.

Rev. Wolcott Calkins, D. D., is the pastor of the church. Mr. Charles E. Billings was the chairman of the building committee.

The total cost of the structure, including the organ, furnishings, and the memorial windows, is about $180,000.

INTRODUCTORY.

THIS YEAR-BOOK is late in issue. The returns of the States, received in May last year, were in better season this; Massachusetts, Michigan, and Ohio reporting in March; Connecticut and Kansas in April; but New York, which reported in April, 1888, was not heard from this year until July 14–22. This unforeseen and surprising delay has postponed the YEAR-BOOK's possible issue from June to near September.

Do not wait, say some. But the YEAR-BOOK is so related part to part, that the omission of one part would seriously impair the value of all that remained. To print without the returns from any State would make the summaries imperfect and misleading, and the list of ministers most unsatisfactory to many who make practical use of it. Such a number would be an inconvenience and a grief, and would lower the value of the series in all the future. The gain of a few weeks in issue would be dearly bought at such a sacrifice.

And there will be no need. There has been a gain this year all around, with a single exception. The churches in New York may be trusted to find a remedy for that. They will not be pleased or content with their distinction this year; they can do as well hereafter as they did in 1888, and better. When they and all others will furnish their returns in March, as most now do, the YEAR-BOOK can be issued in May, or early in June. Why not? If there is the will, the way can be found.

The churches of the United Conference of Georgia, fifty in number, form an important addition to the tables this year. In regard to their insertion, it should be remembered that questions of fellowship belong finally and only to the churches, and are to be determined by their representatives in local and State bodies or the National Council. But in the case of churches newly organized or reported, the YEAR-BOOK has been accustomed often to insert them in brackets, as a matter of information, leaving their future status to be determined in an orderly way. In the case of these Conference churches in Georgia, there were many reasons for the same course, and none which seemed sufficient against it. Whatever the result of current discussions, the question must have an important place in our history, and the facts will be wanted by all. Such a body of churches and ministers have a *prima-facie* case in their favor, when they propose to enter into fellowship with the Congregational churches. This is more than confirmed by the action of the American Home Missionary Society at Saratoga; but this only is involved in their insertion in the YEAR-BOOK. It is not too much to say that a hearty welcome awaits them, if, with due regard to the rights of all, they can take their place in our ranks.

Every minister whose name is on the rolls of the denomination and enjoys the benefit of the Council's great liberality in the free distribution of the YEAR-BOOK, owes in return, at least, the small care involved in seeing to it himself that the YEAR-BOOK knows just where he is, and is promptly notified of any change in his place or status. Many copies of the YEAR-BOOK are lost every year, and many

complaints come from brethren who have failed to receive it, when they alone are responsible from their neglect of this simple duty. Who is the scribe of your association or conference; custodian of the record of your ministerial standing, and responsible for its correct report to the State secretary and YEAR-BOOK? He should always be able to answer for you. If you neglect to keep him informed, you are likely to suffer from his ignorance. And, after his annual report has been made, at the beginning of the year, any change in your status or post-office should be sent at once, not only to him, but to the editor of the YEAR-BOOK. The proper correction will then be made if there is time for it; and the YEAR-BOOK will not be wasted in a vain hunt for you at your former home, or costly pursuit of you from one place to another.

The statistical secretaries of the States and Territories will remember that they are to meet in Worcester on the day before the assembling of the Council, Oct. 8. Their meeting in Chicago was helpful in suggestion and influence, and in cultivating a useful *esprit du corps*. We should do better this year.

On the authority of the secretary, Rev. S. L. Gerould, I name eleven o'clock, Tuesday A. M., at the rooms of the Y. M. C. A., as the time and place for meeting. The committee of arrangements authorize me to say that the entertainment of these secretaries shall begin that day.

A word is due to the memory of the faithful man who for more than eight years has paid, as treasurer, all the bills of the YEAR-BOOK and the Council. Lavalette Perrin, D. D., ceased from his labors in a sad catastrophe which befell the hotel in which, with his wife, he was stopping, in Hartford, Ct., Feb. 18. He had served the Council with diligence, zeal, and fidelity; and his record as a pastor, a Fellow of Yale College, and a servant of the churches of Connecticut is a most honorable one. He was a good man and a true one. The Rev. Samuel B. Forbes has been duly appointed by the provisional committee as his successor, and his statement follows.

TREASURER'S STATEMENT.

KNOWLES FUND.

No change has been made in the investment of this fund since the report in July, 1888.

SECURITY FUND.

This fund is deposited in savings banks in Connecticut. With added interest it amounted, July 1, 1889, to $3,480.32.

STATEMENT OF ACCOUNT WITH LOCAL BODIES.

The first column shows unpaid dues of 1888 and previous years, amounting to $2,936.59. The second shows the sums due July 1, 1889, amounting to $3,708.56. Total amount now overdue, $6,645.15. Twenty-four States and Territories have paid all dues of 1888 and previous years. Six have paid also the dues of 1889. The local bodies have not all adopted the same basis for the collection of funds for the Council. Some pay on the basis of their entire membership. Others exclude from their paying roll their unassociated churches, and all absentees. This want of accord among the local bodies makes an unsatisfactory showing on the books of the Treasurer, annoys the States whose arrearages are thereby increased yearly, and causes an unequal distribution of the expenses of the Council.

It is encouraging, however, to report that the financial disagreement between the Council and the local bodies is steadily diminishing, and recent correspondence leads us to hope for its entire removal at an early day.

The Council at Chicago, in 1886, instructed the Treasurer as follows: —

Resolved, (1) That the churches be asked to contribute annually the sum of one and one half cents per member, to meet the current expenses during the next three years. — Minutes of 1886, page 46.

NOTE. — The limitations of the tables do not in all cases admit exactness. In the table of theological education, students who did not graduate are counted, and without distinction from graduates; but a name occurring in more than one seminary list is not repeated; and in the college lists, a few students who were not alumni are counted with the graduates.

The editor renews his earnest request to friends and to the secretaries of the State bodies for prompt information of the death of Congregational ministers, and for full and exact information on the model of the sketches above given. Obituary and eulogy beyond, it is impossible to use here.

CONGREGATIONAL CLUBS.

THE number of Congregational Clubs which have been organized within the last twenty years indicates that they have come to fill an important place, and render a real service, in cultivating the fellowship and promoting the efficiency of our churches. A record of them finds fit place in the YEAR-BOOK, and will be suggestive. It will assist their correspondence with one another, and help those who contemplate similar organization to know the methods which others have followed. The organization of four clubs, thus far in 1889, indicates that the seed is bearing fruit, and may be expected to bring forth more fruit.

The place named in the table is the post-office of the Secretary, unless that is otherwise specified.

All secretaries of new clubs are invited to report them to the editor of the YEAR-BOOK, *Rev. Henry A. Hazen, Auburndale, Mass.*, giving the items here recorded, and all are requested to report to him in January or February, giving changes in the officers named, or in the record, as it here stands.

In full harmony, but looking in another direction, we may do well to read again these words of one of our wisest and most spiritual teachers: —

"The great thing which we need, then, the one thing which we need, the only thing which we need, is, not new methods, new measures, new themes, new sources of interest, power, and popularity, but a new baptism of the Holy Ghost. Let a church and ministry show itself to be a church and ministry of the Holy Ghost, and it will not be long anywhere without power and attraction. Men will hear what is there; they will feel mysteriously and afar what is there; and they will come to see what these things mean. When the Spirit was poured out on the day of Pentecost, we are told significantly that 'the multitude came together.' It has always been so. It always will be so. The community cannot be found so sunk in indifference, in worldliness, or in sin, that the outpouring of the Spirit of God will not bring the multitude to the doors. Let the windows of heaven be opened over any place, and the gates of the world will begin to swarm in the direction of that light. The Spirit of God needs no new methods, measures, or themes. It makes the old methods, measures, and themes to be new. It makes everything new where it comes. Its very office is to *re*-new and regenerate everything upon which it falls." — LEONARD SWAIN, D. D., *Congregational Quarterly, January*, 1864.

AMERICAN BOARD OF COMMISSIONERS FOR FOREIGN MISSIONS.

Founded in 1810..

President. — RICHARD S. STORRS, D. D., LL. D., Brooklyn, N. Y.
Vice-President. — ELIPHALET W. BLATCHFORD, Esq., Chicago, Ill.
Corresponding Secretaries. — N. G. CLARK, D. D.; EDMUND K. ALDEN, D. D.; JUDSON SMITH, D. D.
Field Secretary. — CHARLES C. CREEGAN, D. D.
Treasurer. — LANGDON S. WARD.
Editorial Secretary. — ELNATHAN E. STRONG, D. D.
Publishing and Purchasing Agent. — CHARLES E. SWETT.
P. O. Address of the above, 1 Somerset Street, Boston, Mass.
District Secretaries. — REV. CHARLES H. DANIELS, 39 Bible House, New York City. SIMON J. HUMPHREY, D. D., REV. A. N. HITCHCOCK, PH. D., 151 Washington Street, Chicago, Ill.

The American Board, the oldest Foreign Missionary Society in the United States, was formed at Bradford, Mass., June 29, 1810, and held its first meeting at Farmington, Conn., Sept. 5 of the same year. Its mission fields now occupied are Northern and Western Mexico; the Hawaiian and Micronesian Islands of the Pacific; Northern and Southern Japan; Northern China; Shansi in Northwestern China; Foochow and Hong Kong in Southern China; Ceylon; Madura in Southern India; the Marathi field in Western India, including the important centres of Bombay and Ahmednagar; East Central Africa; the Zulus of Southern Africa; West Central Africa; Eastern Turkey, from Mosul to Erzroom, including Mardin, Bitlis, Van, and the educational centre, Harpoot; Central Turkey, including the important cities of Aintab, Adana, and Marash; Western Turkey, from Trebizond to Constantinople, including Marsovan, Sivas, Cesarea, Smyrna, Broosa, Nicomedia, and Adabazar; European Turkey, from Constantinople to Samokov in Bulgaria, including Monastir in Macedonia and Philippopolis in East Roumelia; Austria, emphasizing the Bohemian work in Prague; and Northern and Northwestern Spain, this work centring in San Sebastian, on the Bay of Biscay.

This wide-extended work embraces direct evangelistic effort through missionaries and native helpers; an immense educational trust, extending from the primary school to the college and theological seminary; Sunday-school instruction; the preparation, publication, and circulation, in different languages, of books, tracts, and newspapers; assistance in the erection of buildings for churches and schools; grants in aid to feeble churches and to native home-missionary societies; the humane service of missionary physicians, sometimes in the care of large dispensaries and hospitals; also charitable ministry, continuous and varied, to the sick, the poor, and the oppressed.

Pastors, in presenting the foreign work to their churches, are desired to emphasize this fact, — that these several departments of labor on the foreign field are carried on under one administration, and that contributions, therefore, should be proportionately enlarged. If one half of the benevolent contributions of the churches should be given to this broad work of reaching the unevangelized millions of other lands, it would probably not be too large a proportion.

The Woman's Boards, which co-operate with the American Board, are doing a royal service, not only securing — mainly from the women of the churches — large contributions, — the annual average of which, during recent years, has been over $130,000, — but also educating and training children and young people to an intelligent interest in missionary work. These Boards can be addressed at No. 1 Congregational House, Boston, at 59 Dearborn Street, Chicago, and at 901 Sutter Street, San Francisco.

The latest statistics of the American Board report 22 missions, 1,050 stations and out-stations, 472 missionaries and assistant missionaries, 2,135 native laborers, 336 churches, with about 31,000 members, — nearly 4,400 of these received on confession of faith during the past year, — 126 high schools and seminaries for young men and young women, with over 7,000 students, and a total of nearly 43,000 children and youth under Christian instruction. The appropriations for 1889 already amount to about $625,000, and it is desirable that the receipts for this year should reach, if possible, $780,000, — a thank-offering of $10,000 for each of the 78 years of our history. An average advance in donations of about fifty per cent will secure this honorable record. Attention is called to the *Missionary Herald*, the *Mission Dayspring*, and *Life and Light;* also to the *American Board Almanac* and to the CHILDREN'S MORNING STAR MISSION, a special for Sunday schools. Our main instrumental reliance is upon the pastors of churches, themselves full of missionary information and zeal.

AMERICAN COLLEGE AND EDUCATION SOCIETY

FORMED by the union, in 1874, of the "American Education Society," and the "Society for the Promotion of Collegiate and Theological Education." The American Education Society was organized and received its charter from Massachusetts in the year 1816. The College Society, as the other organization was popularly called, was formed in 1843. It was for years a voluntary association without a charter. In 1872 it received a charter also from the State of Massachusetts. These two organizations were brought together under a new charter from the same State in May, 1874.

OFFICERS, 1889-90. (Office, No. 10 Congregational House, Boston, Mass.)

President. — Hon. NATHANIEL SHIPMAN, of Hartford, Ct.
Vice-President. — SAMUEL HOLMES, New York City.
Secretary. — Rev. JOHN A. HAMILTON, Boston.
West Secretary. — Rev. THEO. Y. GARDNER.
Treasurer. — JAMES M. GORDON, Boston.
Assistant Treasurer. — Rev. A. H. CLAPP, D. D., Bible House, New York.

Income for the year ending April 30, 1888, $112,675.97. Balance April 30, 1888, $2,010.91. Of the whole income $73,920.11 was contributed for colleges and paid to them. The sum of $21,803 was paid to students fitting for the ministry. The expenses were $6,154.24, leaving a balance of credit, $14,812.66.

In both departments the Society has had a large agency in the shaping and advancement of civilization throughout the great West. The men who were pioneers in the work of preaching the gospel in the new settlements, and in the founding of churches and schools, were largely educated by this Society. The colleges, which are now among the foremost in these Western fields, were largely built up by the same agency.

The whole number of young men assisted by the Society in their studies for the ministry since 1816 is 7,456. The institutions at the West which have been assisted by the society since 1843 are the following, viz.: Western Reserve, Illinois, Wabash, and Marietta Colleges, and Lane Theological Seminary. These five are the institutions which the Society took under its care at the beginning, in 1843. Those which have since been received on the list are Knox, Beloit, Thayer, Wittenburg, Oberlin, and Berea Colleges, the College of California, Pacific University, Olivet, Ripon, Iowa, Carleton, Doane, Drury, Washburn, and Colorado Colleges, Pacific Theological Seminary, and Yankton College.

Those at present on the Society's list are Colorado, Doane, Pacific University, Rollins, Whitman, and Yankton.

The number of young men receiving assistance from the Society during the last financial year is 280.

At the time when the Education Society began its work of helping young men into the Christian ministry, in the year 1816, the condition of things in this country was very peculiar. The great movement of emigration toward the West was setting in with strength. The American Board had been organized a few years before, and the cause of foreign missions was taking strong hold upon the churches. But "the laborers were few." Ever since the close of the Revolutionary war, the churches had been in a confused and preoccupied state, and the number of men coming forward for the work of the ministry was alarmingly small. It was in such a state of things that this Society began its enterprise. Through the aid thus afforded, and through the impulses thus imparted, a host of living preachers was raised up to go with the moving colonies out into the fields of the West, or to go far hence to the Gentiles, to proclaim the Gospel of salvation through Jesus Christ. A work of inestimable importance for the Christianizing and civilizing of our own land was accomplished by this instrumentality. The ministers raised up by this Society became to a large extent the pioneers in the way of founding churches, schools, colleges, throughout all those Western fields, while in foreign lands half the missionaries laboring under the care of the American Board had been brought forward in the same way.

FORM OF BEQUEST.

I do hereby give and bequeath to the "AMERICAN COLLEGE AND EDUCATION SOCIETY" the sum of —— dollars, to be paid within —— months after my decease, and to be applied to the uses and purposes of that Society.

☞ Thirty dollars constitutes an honorary membership.

THE AMERICAN CONGREGATIONAL ASSOCIATION.

Organized, 1853. Chartered, 1854.
Headquarters, Library, Congregational House, Boston.

OFFICERS.

President. — Hon. RUFUS S. FROST, Chelsea.
Corresponding and Recording Secretary. — Rev. MORTON DEXTER.
Treasurer. — C. C. BURR, Auburndale.
Librarian. — Rev. WM. H. COBB, Newton Centre.
Assistant Librarians. — Miss MARY E. STONE, Chelsea; Miss EMMA E. WHITE, Wellesley.

Directors. — EDWARD A. STUDLEY, Chairman; ALONZO H. QUINT, D. D.; HENRY M. DEXTER, D. D.; N. G. CLARK, D. D.; WILLIAM F. RICHARDSON; M. F. DICKINSON; S. BRAINARD PRATT; Rev. JOSHUA COIT; Rev. B. F. HAMILTON, D. D.; CHARLES A. RICHARDSON; DAVID GREGG, D. D.; WM. H. HODGKINS; THOMAS TODD; ELIJAH HORR, D. D.; C. M. WHITTLESEY; with the Secretary and the Treasurer.

OBJECTS.

To preserve, improve, and promote the best use of the Congregational Library; to care for the Congregational House, and remove the incumbrances upon it; to further the general interests of Congregationalism.

FINANCES.

The Association owns the Congregational House, Boston. This was bought in 1871 for about $300,000; the expense of refitting was about $125,000 more. Present debt, $181,000, on which four per cent interest is paid. The income from rents meets current expenses, and at present is slowly reducing the debt.

THE LIBRARY.

This numbers 27,503 volumes, 52,240 pamphlets, and 31,021 unbound periodicals, besides an immense number of duplicates. The reading table contains the leading British and American reviews and religious magazines, with many valuable secular periodicals. The building is a fire-proof structure, entirely separable from the rest of the house, and admirably adapted to its purpose. The collection is already of inestimable worth, especially in all matters pertaining to the fathers of New England.

PRESENT NEEDS.

1. *The Treasury.* — The debt of the Association has been reduced nearly thirty per cent during the last ten years. Experience forbids us to expect the "one fair contribution from every church," so often requested in vain; but we do appeal to all Congregationalists who love the kingdom of our Lord to wipe out this debt, and thereby most evidently promote that kingdom.

2. *The Library.* — The books most needed here are eagerly sought for by other collectors. Although our Library is by far the best in America in its specialities, and also rich in the "books out of which other books are made," it has many and great deficiencies, which can only be made up by *money*, liberally provided and carefully expended. Everything pertaining to the religious history and literature of New England meets the most prominent object of the library. Some of its special departments are church manuals, election sermons, biographies, genealogies, and town histories. Friends who have books or pamphlets likely to be useful here are invited to correspond with the Librarian. The point which most needs strengthening is the department of Early Congregational Literature (before 1650), which at present numbers only 126 works. Donations for this special purpose will be most gratefully received. A long list of such works, including many by the early Brownists, is ready for us on the shelves of English booksellers, provided the requisite funds for their purchase can be obtained.

Let every pastor stir up the liberally-minded in his parish, showing them the value of this investment. Let every Congregationalist who has published anything see that the Library has his works in full. Let gifts pour in according to our several ability; not only into the general treasury, but also specifically for the Library. If every one who reads these words will immediately do what he can, this will be a prosperous year for the cause we all have at heart.

WM. H. COBB, *Librarian.*

CHURCH BUILDING QUARTERLY, thirty cents a year.

Paid to aid 104 churches, $84,826.14. Other disbursements, $14,613.46. Balance on hand Dec. 31, $53,364.34. All of which was pledged.

For parsonage building, balance on hand Jan. 1, 1888, $11,779.25. Receipts for parsonages from Jan. 1 to Dec. 31, $14,755.01. Total resources for parsonages for twelve months, $26,534.26. Paid to 41 parsonages $11,684.15. Balance in treasury for parsonages, Dec. 31, 1889, $14,850.11.

The churches are pushing the work of the Union vigorously. A large number would begin to build at once if they could have assurance of aid. The continued depression on nearly all the missionary treasuries in all the denominations has compelled the Union to adopt a strictly CASH POLICY. Not a dollar is voted out unless there is a dollar to cover the vote. Necessity that could not wait compelled several churches last year to begin to build before the Union could safely pledge aid. In some cases buildings were completed in anticipation of any pledge. Consequently, as soon as the Union's pledge was sent out, papers were sent immediately back, and the money was called for in less than thirty days. Nothing short of cash in hand would save the treasury from repudiation. The cash plan makes repudiation impossible. Funds voted go quickly to destination. Risks, if any, are taken by the local church. Its credit tides the work over to the Union's pay-day, and no risk is run at the Home Office. Appeals from the struggling churches go directly to the hearts of givers. Responses are sympathetic and generous. Still they are not less than one hundred twenty-five per cent behind the most reasonable and urgent demands. That from four hundred to six hundred regularly organized Congregational churches should be constantly on the list as "houseless" is a matter not only of strict business economy but of denominational honor. These bands of Christians have come confidingly into our goodly fellowship. A rigid scrutiny of the reasons for organizing might cut off a very small per cent. Beyond a question two hundred houses should be built every year for a series of years, in addition to the number that can and should build without aid.

By no choice of the Society, but by the unquestionable trend of our civilization, the Union is called to give its attention more and more to work at large centres of population. Such work is inevitably expensive. Nevertheless, results from it, both in spiritual gains and cash returns, are not less than four to one. It is not strange that givers follow the movements of populations. St. Paul, Minneapolis, Omaha, St. Louis, and San Francisco are samples of the self-multiplying power of a local church. Daily telegrams are needed to keep pace with the record of growth. This fact of itself has given emphasis to "The Church Building Loan Fund," now more than twenty-five years old. The repeated use over and over of the same sum, not only while the donor lives but long after death, commends the "plan" as one of the wisest and best for the stronger churches. Friends of the men and the work at the front will not forget THE ABSOLUTE DEMAND FOR $300,000 A YEAR.

The HOME MISSIONARY, a monthly magazine, published by the Society, at sixty cents a year, including postage, gives a running account of the progress of the work in all parts of the country, largely from the pens of the superintendents and missionaries personally engaged in it. The monthly issue is 27,200 copies. An ANNUAL REPORT sums up the results of the year. Leaflets and Tracts for the times are published as occasion calls, designed to help pastors, Sunday-school officers, and friends of Home Missions generally, in awakening and keeping alive an intelligent, practical, growing interest in the work. These may be had, free of charge, at any time, by addressing the officers of the Society at the Bible House.

For more than sixty-three years the Society has been organizing churches in the West and South, and aiding in the support of their ministers till those churches are able to assume the whole expense. Its missionaries have from the first organized Sunday schools, provided proper teachers for them, and by watchful oversight have secured their permanence and highest usefulness.

In connection with the labor of its missionaries, 5,081 churches have been organized and 2,489 have come to self-support. It has collected and disbursed in cash, $12,135,422.07; and in clothing, books, and other supplies, largely the offerings of Christian women, $1,727,362; in all, $13,862,784.07. The additions to the churches have been 355,985.

In 1883, a Woman's Department was opened. Its object is to interest the women of our churches all over the country, and through them the children, more directly in the work; not to the diminishing of their helpful labor in the way of home-missionary boxes (of clothing, etc.), but to secure also their gifts of money for the support of teachers in the Indian Territory and elsewhere, and for various special uses, as called for from time to time. Their aid in this line is steadily growing, but much more is needed. The Woman's Home Missionary Association, having its office in Boston, is rendering valuable assistance to the Society in its educational and missionary work.

The number of missionaries employed in its sixty-second year (1887-8) was 1,584, nearly 1,150 of them in States and Territories west and south of New York. They preached regularly in 3,084 stations, and at frequent intervals in many hundreds more. The number of Sunday-school and Bible-class scholars was 130,000. The additions to the churches were 10,012; 6,310 of them on confession of Christ. Churches organized, 130; reached self-support, 59.

The sixty-second year's receipts were in cash, $548,729.87; in supplies, $67,259.00; in all, $615,988.87.

At least $650,000 *in cash* is needed this year properly to sustain the missionaries *now in the field*. To take up only such new work as the providence and Spirit of God manifestly call upon the Society to assume *at once*, $100,000 more is imperatively required. The Society is doing much more work than ever before among the foreign-born in all parts of the country. At nearly every meeting of the Executive Committee chosen men are sent to new fields at the front, where they are most needed, but where their support involves heavy outlay by the Society. For securing the means essential to the carrying on of this great work the Society depends, under God, on the zealous co-operation of the pastors and members of the Congregational churches of the land.

THE MISSIONARY DEPARTMENT

Sustains Sunday-school missionaries; furnishes Sunday-school helps, libraries, and other literature to new and needy Sunday schools, either gratuitously or at reduced cost. *Contributions are used only for missionary work.*

During the year 1888, they have through their superintendents, missionaries and others aided in the organization of 497 Sunday schools. They have made 2,582 grants of Sunday-school helps and other literature. Their missionaries have visited many new fields, canvassed many communities, and preached on Sundays and at other times.

The receipts for the year were $45,496.58, and the expenses, $46,913.94, nearly half the amount suggested by the National Council.

President Joseph Ward, D. D., of Yankton College, Dakota, said at the Congregational Club, of Boston, in November, "The Congregational Sunday school and Publishing Society is doing more for the evangelization of our country, and for the extension of Congregationalism than any other missionary organization, and that at very small expense. Fill its coffers full and you will see glorious results."

THE BUSINESS DEPARTMENT

Publishes the *Pilgrim Series* of lesson helps, adapted to all grades of teachers and scholars; the *Well-Spring* and the *Mayflower*, weekly papers for children and youth; also two German papers, "*Der Kirchenbote*," and "*Segens-Quelle*," the *Pilgrim Teacher*, monthly, containing expositions of the lessons, news of Sunday schools and missionary work, lists of books for Sunday-school libraries, etc.; and all other requisites for Sunday schools. It also issues books, tracts, and pamphlets on general religious subjects, and on matters of special interest to Congregationalists.

COURSE OF STUDY. — The Junior year is devoted mainly to Biblical Exegesis and Introduction; the Middle year to Biblical and Systematic Theology; the Senior to Sacred Rhetoric, Pastoral Theology, and History of Christian Life and Doctrine. Systematic Theology is begun in the first year; also Biblical History, which is continued through the second. Lectures on Christianity and Science, the Scriptures, Elocution, with exercises in Rhetoric and vocal culture, continue through the course. Opportunity is given for instruction in Syriac, Arabic, and other cognate Oriental languages.

FOURTH YEAR for advance study. Each member of the Advance Class chooses his studies, subject to approval by the Faculty, and receives from the professors in the departments chosen personal direction and assistance. Special facilities are afforded for private reading and research. Ten scholarships ($200.00 each) are available for members of this class.

LIBRARY AND MUSEUM. — The Library now numbers more than 46,000 volumes, is constantly increased, and is open every week-day for the examination and drawing of books. A full reference library has been opened on the ground floor of Brechin Hall. The Museum comprises objects relating to missionary life and work, a monumental slab from Nimrûd, a relief model of Jerusalem, and a collection, recently greatly increased, of Palestinian flowers, birds, animals, reptiles, insects, domestic utensils, weapons, coins, rolls, inscriptions, etc., constituting a remarkably large and rich biblical museum in which may be seen a multitude of objects referred to in the Bible.

A well-furnished Gymnasium is open to the use of the students.

LOCATION. — The Seminary was located with a view to the advantages of uninterrupted study. These advantages have been retained, and are accounted of increasing value. At the same time, through the rise and growth of cities in the immediate vicinity, the students of the Seminary have special opportunities for studying the various conditions of church work, and the different methods of preaching. Andover is within four miles of Lawrence, ten of Lowell and Haverhill, fifteen of Salem, and twenty of Cambridge and Boston. The situation is remarkably healthful.

For information respecting Conditions of Membership, Optional Work, Honorary Scholarships, Pastoral Scholarships for Evangelistic work in Boston, and for the investigation of special subjects in Reformatory work, the Winkley and Seminary Fellowships ($600 each), Expenses and Pecuniary aid, see Catalogue, which may be obtained by application to the President of the Faculty.

CHARLES J. H. ROPES, *Hayes Professor of New Testament Language and Literature.*
FRANCIS B. DENIO, *Professor of Old Testament Language and Literature.*

Occasional courses of lectures on practical subjects connected with the ministry, ministerial work and experience are given by pastors and others.

TERMS OF ADMISSION. — Bangor Seminary is open to all denominations of Christians. Candidates for admission must produce testimony of their church membership and of their collegiate education. If they have not pursued a college course, they will be examined, and must exhibit mental training and attainments sufficient, in the judgment of the Faculty, to warrant their entering upon a course of theological study. Those whose age or circumstances forbid the pursuit of the complete course of study may, at the discretion of the Faculty, be admitted to the studies of the Middle year, and continue their course with the full privileges of the Seminary.

COURSE OF STUDY. — *Junior Year*, Hebrew Grammar, Principles of Interpretation, Exegesis of the Greek and Hebrew Scriptures; Lectures on Old Testament Theology, and on New Testament Theology; New Testament Greek; Introductory Philosophy, with text-books and lectures; Essays, and Lectures on Style and English Literature.

Middle Year, Systematic Theology; Ancient Church History; Exegetical studies continued; New Testament Greek continued; Vocal Culture and Oratory.

Senior Year, Mediæval and Modern Church History; Homiletics; Pastoral Theology and Church Polity; Exegetical studies continued; New Testament Greek continued.

SPECIAL INSTRUCTION IN NEW TESTAMENT GREEK. — Attention is specially called to the provision for instruction in New Testament Greek. The demands of the churches for pastors have been greater than could be supplied with men of collegiate education. The Seminary has therefore admitted students who are well qualified in other respects, but have no classical training. These are usually persons who by reason of age or other circumstances are unable to delay longer their theological studies, and cannot wisely be counselled to seek further preparation in some classical institution. With reference to the needs of this class, special instruction in New Testament Greek has been provided.

PREACHING. — As it is believed to be conducive to the best professional training to combine practice with theory, and as special facilities are afforded in the comparatively destitute missionary fields in the immediate neighborhood of the Seminary, students are allowed to exercise their gifts in holding meetings and in preaching as opportunities may offer, under the express approbation of the Faculty, it being provided that the prescribed exercises of the Seminary are not neglected. This privilege is enlarged after licensure at the close of the Middle Year.

POST-GRADUATE SCHOLARSHIPS. — Two scholarships have been recently established for graduates of this Seminary. One is in Bowdoin College and is for the purpose of aiding any student who, after graduating in the Seminary, desires to take a post-graduate year in the College The other is for the benefit of any student who wishes to take a fourth year of study in the Seminary.

EXPENSES. — There is no charge for tuition, rooms, furniture, library, or any privilege of the Seminary. The dormitory has been thoroughly repaired and refitted. The rooms are carpeted and furnished. The income of the Washburn fund and some other funds, given expressly to aid members of the Seminary, will be distributed to those who need.

LIBRARY. — The Seminary has an excellent library, numbering sixteen thousand volumes, specially selected to meet the wants of the students. There is a permanent library fund, with the income of which constant additions are made of the latest and most valuable literature.

The next anniversary will occur on Wednesday, June 5, 1889.
The next seminary year will open on Thursday, Sept. 12, 1889.

The "Special Course" includes the full course in all the years, except Hebrew and Greek, and has the following supplementary studies, which are limited to the first year: Rhetoric, Logic, Moral Philosophy, and daily exercises in English Composition and Bible Exposition.

THE GERMAN AND THE SCANDINAVIAN DEPARTMENTS. — Students in these departments, which are under competent instructors, take the regular or special course in the English language, according to their grade of preparation, that they may be able to preach also in English. They are, however, excused from some English studies, principally of a homiletical or practical kind, in place of which they attend such exercises in their own native languages as are best adapted to prepare them to minister to our German or Scandinavian fellow-citizens.

EXAMINATIONS.—In each year there are two public examinations, oral and written, of all the classes.

The Alumni Institute will be held this year in anniversary week, April 22.

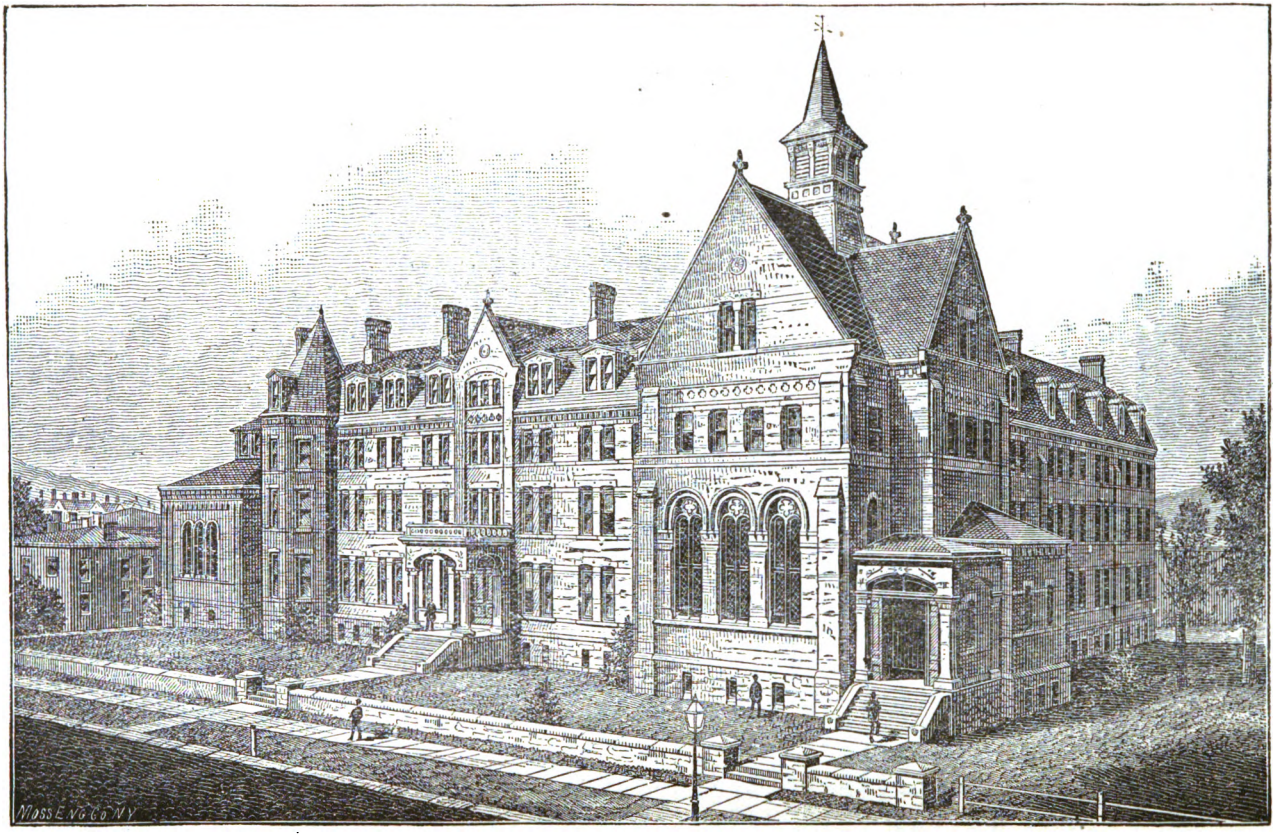

HAMMOND LIBRARY.— This contains the GENERAL and the REFERENCE LIBRARY with over 8,500 volumes, and the READING ROOM. Both of the latter are furnished with the best helps for students, and are open daily. There is also a special arrangement for the use of the Chicago Public Library, which offers 140,000 volumes, many of which are rare, and valuable sets of reviews and important works of reference.

EXPENSES.— No charges are made for instruction, the rent of rooms, or for the use of Hammond Library. Suites of rooms have been furnished by churches or individuals. The only necessary expenses of the student are for board, fuel, gas, text-books, the care of rooms, washing, and for such special damages as the property of the Seminary may suffer at their hands. Good board can be had in private families in the neighborhood of the Seminary for $2.50 or $3.00 a week.

PECUNIARY AID. — From the American Education Society, supplemented by the Western Education Society and the Scholarship funds of the Seminary, a total of one hundred and fifty dollars a year for students in the regular course, and one hundred and twenty dollars for those in the special course, is furnished to those who cannot provide the means to pay their own expenses without undue delay in their studies, and who give promise of usefulness in the ministry. Students also receive medical attendance in case of illness without charge, and enjoy opportunities for earning money by teaching, mission work, and preaching.

Application for admission or for catalogues may be made to the Professors, or to Rev. M. F. Hollister, Secretary and Treasurer, 45 Warren Avenue, Chicago, Ill.

THE SEMINARY is managed by a Board of Trustees, annually elected by The Pastoral Union, a large and increasing body of active ministers. The members of the Union, the Trustees and the Faculty give assent to the creed of the Union as in accord with the doctrinal belief of historic Congregationalism.

The Bible holds a unique, central position in the system of the Institution, requiring from both instructors and students the ablest and devoutest treatment. The course of study aims (1) to establish sound methods of *investigating* the Scriptures, (2) to train the power of *formulating* Scriptural truth, and (3) to indicate the way of *applying* that truth both to the facts of history and experience and to all problems of the present and the future. The Bible is minutely studied in its original languages; systems of faith and morals are inductively built up out of Biblical materials; every kind of practical question regarding individual and social life is studied in the light of Biblical revelation.

Hence the Seminary steadfastly presents God's thought and God's will as the supreme objects of all science and the supreme guides of all conduct. It is thus forced to oppose all rationalistic and secularizing tendencies. Not only does it uphold "Theology, the queen of sciences," but its chief purpose as an educational agency is the formation under God of personal religious character, devout and devoted, as the only basis for scholarship, conduct, and power.

The method of instruction is partly through text-books, partly by lectures, and partly through original investigation on the part of the student. Emphasis is laid throughout upon a close personal relation between instructor and pupil. The course of instruction is unusually unified, continuous, and thorough. The apparatus includes ample buildings, a library of 45,000 volumes, gymnasium, reading-room, etc. The habit of original investigation is diligently cultivated. Methods believed to be peculiarly effective are used in Hebrew and Greek, in history, in dogmatic theology, and in pastoral theology. In the latter field not only is instruction given in theory, but extensive practical work is expected in preaching, in the methods of all varieties of evangelistic and charitable effort, and in personal Christian work among all classes of men. Systematic instruction is provided in music and elocution.

Special and advanced courses are provided for those who desire them.

As incentives to scholarship, four prizes, a fellowship for foreign study, and suitable degrees (granted only on special examination) are offered.

TERMS OF ADMISSION. — Candidates for admission must be members of some Christian church, and graduates of some college (or at least of sufficient literary acquisition to undertake the regular course). Those who are not college graduates are admitted *on probation* during the first semester.

All courses are open to *women* on the same terms as to men.

EXPENSES. — No charge is made for tuition, rooms, furniture, and bedding, or use of the library and apparatus, except a nominal fee of $20 for use of steam and for supervision. Board is provided at the Seminary under the care of the Students' Association at $3.50 per week.

Scholarship aid is provided for those needing it to the amount of $60 to $100 per year, in addition to the grant of $75 from the Education Society. Various opportunities for remunerative work are open to those who desire it.

CALENDAR. — The fifty-sixth year begins on Sept. 19, 1889, and closes on May 8, 1890, with recesses at Thanksgiving, Christmas, and Easter. For convenience the various courses are arranged in two semesters, the second of which begins on Jan. 20, 1890. Examinations are held at the close of both semesters.

For catalogues, which give full details of the course of study and of the entire Seminary organization, address either the PRESIDENT or the REGISTRAR.

DEPARTMENT OF THEOLOGY IN OBERLIN COLLEGE,

OBERLIN, OHIO.

Opened for service in 1835.

FACULTY.

Rev. JAMES H. FAIRCHILD, President, Finney Professor of Theology and Moral Philosophy.
Rev. WILLIAM G. BALLANTINE, Professor of Old Testament Language and Literature.
Rev. G. FREDERICK WRIGHT, Professor of New Testament Language and Literature.
Rev. ALBERT H. CURRIER, Holbrook Professor of Sacred Rhetoric and Pastoral Theology.
Rev. FRANK H. FOSTER, Professor of Church History.
Rev. WILLIAM B. CHAMBERLAIN, Instructor in Elocution.
Rev. JOHN LEADINGHAM, Principal and Professor of Theology in the Slavic Department.
Rev. EDWARD I. BOSWORTH, Professor of the English Bible.
LOUIS F. MISKOVSKY, B. S., Instructor in the Slavic Languages.
Rev. A. HASTINGS ROSS, Special Lecturer on Church Polity.
Rev. JAMES DOUGLAS, Douglas Lecturer on the Relations of Science and Religion, and on Comparative Religion.

The Department of Theology is open to the admission of students of every denomination. Students of this department are permitted to attend lectures and classes in the other departments, so far as they may have time, without extra charge. Upon those who complete the three years' Classical Course, the Academic Degree of Bachelor of Divinity (B. D.) is conferred.

CLASSICAL COURSE. — This has recently been greatly enlarged and rearranged upon the elective system. Candidates for a degree are required to have completed work amounting to 1,138 hours of lectures and recitations (besides rhetorical work). Of this work, 628 hours are required, including courses in Exegesis of the Greek New Testament, Natural and Revealed Theology, Church History, Homiletics, Relations of Science and Religion, and the Forms of Modern Scepticism.

In addition, 1,250 hours of elective work are offered, of which the student must elect at least 510 hours. The elective courses include Hebrew and Old Testament Exegesis, Old Testament Introduction and Theology, Aramaic, Septuagint Greek, New Testament Exegesis, Church History, History of Doctrine, Church Polity, Homiletics, and Pastoral Theology.

ENGLISH COURSE. — This is to prepare mature men for the ministry in two years. It includes preparatory studies in Rhetoric and Philosophy, 340 hours Exegesis of the English Bible, Special Lectures, and the full course of Systematic and Practical Theology.

SLAVIC DEPARTMENT. — A department has been opened to train up evangelists and pastors for the Slavic immigrants (400,000 strong) in this country. A Principal, who teaches the English Bible, and a Bohemian-American teacher of the Slavic languages have been appointed. Seven regular students are in attendance. The Seminary has no funds for the work, but depends upon current contributions. An endowment of $50,000 was recommended by the National Council of 1886, and is urgently needed.

LIBRARY. — The Libraries of the College contain over thirty thousand volumes.

COUNCIL HALL, the building devoted exclusively to the Department of Theology, provides fully furnished rooms for fifty students. No expense is incurred for instruction, or for the use of the libraries or public rooms; and the students in Theology enjoy, without charge, the privileges of all the other departments of the College. The price of board is from $2.00 to $2.50 per week, or from $70.00 to $87.50 for the thirty-five weeks of the theological year. Fuel and lights will not cost more than $15.00. Add the charge of $5.00 per term for the care of the building, and the entire *necessary* expenses of the year — not including clothing, travelling expenses, and books — need not exceed $100.00.

Help is granted from scholarship funds contributed by friends of the Department and from the American Education Society. The amount ordinarily received from both these sources does not vary much from $150.00.

The opportunities for students to aid in meeting their expenses are sufficiently numerous. Some are employed as teachers in the Preparatory School connected with the College, and the amount received for teaching an hour each day exceeds the cost of board. Many vacant pulpits in the vicinity are supplied by theological students, for which compensation is rendered. During the summer vacation of fifteen weeks, all members of the Department may supply vacant pulpits in home-missionary and other fields; and such opportunities are abundant.

The year of study in this Department consists of thirty-five weeks in three terms. The next year begins Tuesday, Sept. 17, 1889.

PACIFIC THEOLOGICAL SEMINARY, OAKLAND, CAL.

Opened for service June, 1869.

FACULTY.

JOSEPH A. BENTON, D. D., Professor of Sacred Literature and (*pro tem.*) of Philosophy.
ISRAEL E. DWINELL, D. D., Professor of Homiletics and Pastoral Theology, and (*pro tem.*) of New Testament Greek.
GEORGE MOOAR, D. D., Professor of Systematic Theology, and (*pro tem.*) of Ecclesiastical History.
Lectures are given frequently by leading pastors of the State.

REGULAR STUDIES. — *First Year.* Greek; Hebrew; Sacred Geography and Antiquities. Origin, History, Authority, Inspiration, and Canon of the Bible; Interpretation of the Scriptures; Religions of the World, other than the Christian; Natural Science; Mental and Moral Science; Rhetorical Exercises.

Second Year. — Biblical Theology; Greek; Hebrew; Exercises in the Exposition of the Scriptures; Systematic Theology; History of Doctrines; Rhetorical Exercises continued.

Third Year. — Pastoral Theology; Church History; Church Polity; Homiletics; Rhetorical Exercises continued; Connection of Natural Science with Religion. [An Exercise in Hebrew and Greek Exegesis twice each week during the second and third years.]

SPECIAL STUDIES. — In special cases, particular and modified courses of instruction will be given to those who cannot remain three years, or who, for other reasons, cannot take the full course of three years; and these courses of instruction will be adapted to the necessities of each person, it being understood that every one of this class will continue his studies as long as practicable.

PREPARATORY STUDIES. — Young men who have not had the advantage of a collegiate course, and who are, for good reasons, debarred from the prospect of such a course, are enabled to pursue literary and scientific studies under the direction of the professors in the Hopkins Academy, immediately associated with the Seminary. These preparatory studies will vary with the requirements of each student.

CALENDAR. — The year consists of but one term, and begins with the first of September and ends with the middle of May. There will be a recess during the Christmas holidays. Students should begin promptly with the term.

TERMS OF ADMISSION. — Credible evidence of piety, membership in some evangelical church, a collegiate education, or such other literary and scientific attainments as promise a fair degree of usefulness, will entitle all young men to the advantages of this Seminary. The benefits of the institution are accorded alike to students of all denominations of Christians.

EXPENSES. — There will be no charge for tuition, rent of rooms, or use of furniture. The trustees will, as far as practicable, furnish text-books free to those who are in need, themselves being the judges of the necessity. Those who desire it can board on the premises at the rate of $3.00 per week. Fifty cents additional will be charged for washing.

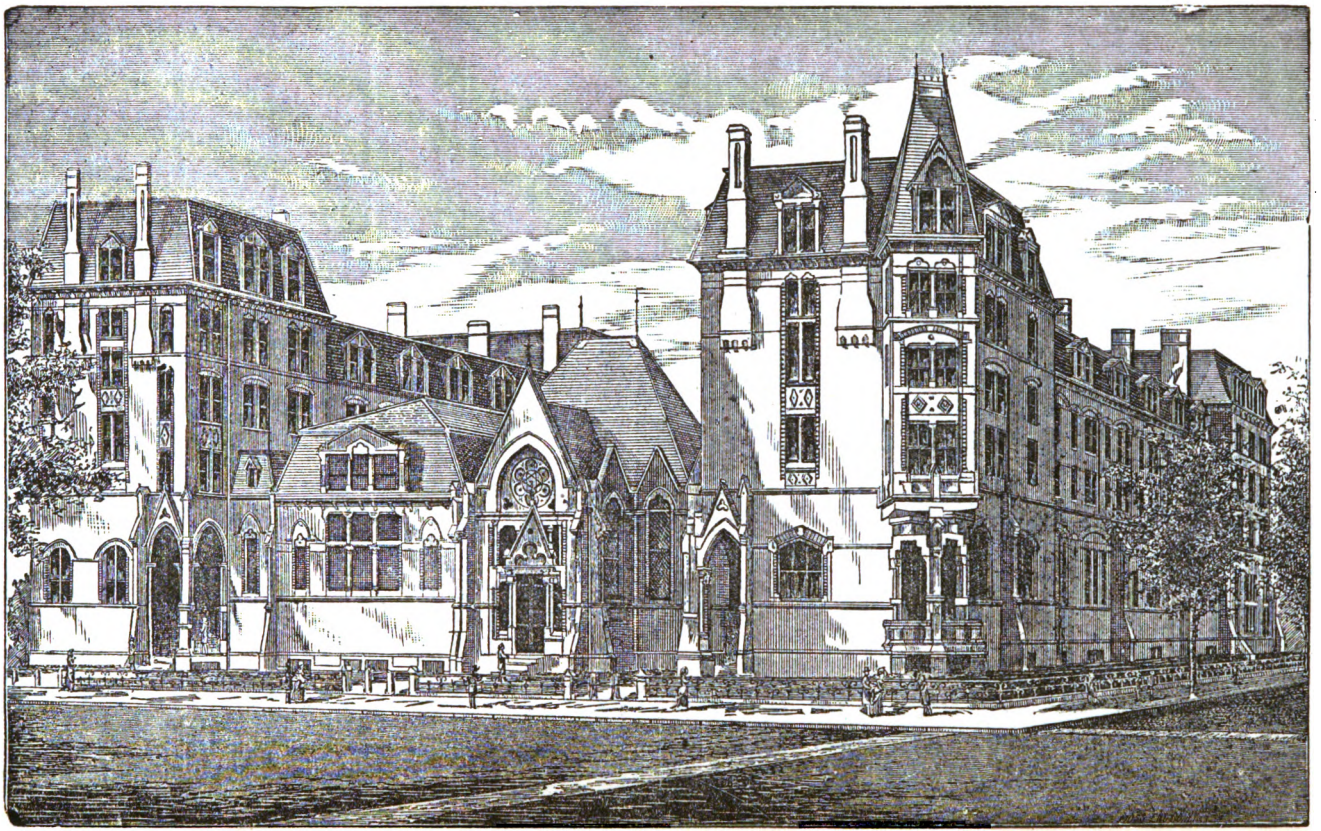

PECUNIARY AID. — The American Education Society will render aid to the pupils of this Seminary who are needy, who are college graduates, and who take the full course of three years. The amount bestowed will be, when possible, $100 a year to each beneficiary. Seven paying scholarships yield an average of about $130 each per year to nine beneficiaries.

An endeavor is continually made to provide for *all* the wants of every young man who wishes to take the full course of study, and every such person is urged to come to the Seminary, whether he has any means of his own or not. It is believed that the necessary expenses of a Theological School are less here than anywhere else in the Union.

No happier situation is known than the one occupied by this Seminary. The climate is unequalled for stimulating qualities, for mildness, and for general fineness. It is favorable to study every month in the year. It is a cure for many forms of invalidism. The scenery about the site is not inferior to that of the far-famed Bay of Naples itself. Both the beauties and the grandeurs of nature are within reach; and, to some extent, those of man, also.

Relation to the University. — The Divinity School is one of the Departments of Yale University. Its members receive from the Corporation, on completing their three-years' course of study, the degree of B. D. They have access to the public collections of the University, such as the Library, the Peabody Museum, and the collection of paintings and statuary in the School of the Fine Arts. They are permitted to attend free of expense, so far as will not conflict with their professional studies, the lectures and recitations in the College and the Sheffield Scientific School, and, if expecting to become foreign missionaries, those of the Medical Department.

Course of Study. — The first year is devoted chiefly to Hebrew and the Exegesis of the Greek New Testament; the second year to Systematic Theology, Church History, Old Testament Biblical Theology, and Church Polity; the third year to Sacred Rhetoric, the History of Christian Doctrine, and New Testament Biblical Theology. Additional lectures on Preaching and other important subjects are delivered before all the classes by eminent ministers and scholars in this country and Europe. There are also optional classes conducted by the Professors in New Testament Introduction, German, Syriac, and Chaldee. Once a week there is a Rhetorical Exercise for all the classes. Instruction in Vocal Culture and Elocution is continued through the entire course.

Graduate or Fourth-Year Class. — Students who have completed a three-years' course of theological study, here or elsewhere, are admitted to the Graduate Class, established eight years since, in which advanced studies in Theology are pursued under the direction of the Professors.

The Libraries of the University, to which the students have access, including the Reference Library of the Divinity School, contain about 180,000 volumes.

The Graduate Fellowship, for the encouragement of further theological study in this country or abroad, the income of which is $500 for one year after graduation, is offered to the class entering in September, 1889.

Expenses. — There is no charge for instruction, use of libraries, or room rent. The rooms, which will accommodate one hundred and fifty students, are designed in general for only one occupant. Each room has a bedroom attached, and is carpeted and furnished with all needful furniture except bedclothing. The chief expenses for the session are for board, $3.25 to $3.50 a week; fuel and light, $25 to $30; and $10 a year for care of room and incidental expenses.

Scholarship Funds and other Aids. — Students whose circumstances require it are aided to the amount of $100 a year, from the income of scholarship funds. Additional aid to the amount of $75 is afforded by the American Education Society to its beneficiaries.

Commencement of the Term. — The next annual term of study will begin on Thursday, Sept. 19, 1889, and continue till the third Wednesday in May (anniversary), when the vacation of four months, in which the students have the opportunity to engage in some form of remunerative labor, will commence.

Application for Admission. — The Seminary is open on equal terms to students of all Christian denominations. Applications for admission, or for the annual Catalogue containing further information, may be made to the Dean of the Faculty, Prof. George E. Day, *New Haven, Conn.*, or to any of the other Professors.

THE FIRST CONGREGATIONAL CHURCH, APPLETON, WIS.

Digitized by Google

THE FIRST CONGREGATIONAL CHURCH, APPLETON, WIS.

THE BUILDING.

The above wood-cut gives a very fair representation of the new building of the First church, Appleton, Wis. It is built partly of Menominee brick and partly of Lake Superior red sandstone, the towers, round projections, and foundation stone being of the latter material, thus giving a fine harmony of color without sharp contrasts. The main audience room will seat 650 people, the pews being arranged in the amphitheatre shape, facing the pulpit, organ, and choir, which are located in the southwest corner. There are three vestibules and entrances to the auditorium, the principal one being through the large tower. Over the entrance in the smaller tower is a commodious pastor's study.

The Sabbath school extension is almost as large as the auditorium and is situated south of the latter, into which it can be thrown at need by a suitable system of broad arches, thus largely increasing the regular seating capacity of the church. The main school-room is designed to seat about 325, the remaining scholars being accommodated in large infant class rooms and parlors which bound the main room at the east and west, the whole giving accommodations for 500 scholars.

Supplementary to the main auditorium and Sabbath-school rooms are the basement apartments for kitchen, coal, storage, etc. A special room is also provided in the southeast corner of the church, which is to be used as a young men's room. It will be supplied with books and papers, and eventually a gymnasium, bath-room and evening school may be added to it.

The architect of the building is Mr. Warren H. Hayes, of Minneapolis, whose work in this line is well known to many readers of this book.

The cost of the church, exclusive of the site, was about $36,000. The organ and main chandelier are yet to be put in, and these will cost about $4,000 additional.

The new building was dedicated April 18, with interesting services both afternoon and evening. An impressive "farewell service" was also held at the old church in the morning. An effort was made at the time of the dedication to raise the debt of $9,000 on the new building, which was so successful that in a few days it was announced that the last dollar had been provided for. This leaves the society in excellent condition. All the seats in the new building will be free, the expenses of the church being met by voluntary contributions.

HISTORICAL SKETCH.

The organization of the church was originally Presbyterian; but in December, 1851, just one year after its inception, the name and polity of the church was changed to Congregational. Worship was at first held in a small "upper room"; but the gift of a lot having been received from Amos A. Lawrence, of Boston, steps were taken to erect a church building, and this was completed in the fall of 1853, after much personal sacrifice. Additions to the building were subsequently made at a total expense of $2,500.

The names of those who have served as pastors in the old church are: Chas. W. Monroe, 1850–1854; H. H. Benson. 1854–1858; F. B. Doe, 1858–1868; H. C. Dickinson, 1869–1872; Edward Ebbs, 1872–1873; T. G. Grassie, 1873–1875; C. E. Fisher, 1875–1876; S. F. Gale, 1876–1881; J. D. Willard, 1881–1885; the present pastor, Rev. John Faville, having entered upon the work at the beginning of the year 1886.

The present membership of the church is something over 400. The Sunday school numbers over 500, not including a mission school of 150, and is the largest in the State.

For a long time the need of increased accommodations has been urgent; and under the lead of their pastor, Rev. John Faville, aided by wise and active committees, the church has risen nobly to meet this need with the above result. Special credit should be given Dr. J. T. Reeve, chairman of the Finance Committee, and Mr. Geo. F. Peabody, chairman of the Building Committee, for the success attained.

THE ANNUAL STATISTICS OF THE CHURCHES AND MINISTERS.

THE following pages contain the statistics as collected in 1889 by the statistical secretaries of the several State organizations, and compiled for this publication by the secretary of the National Council, under vote of the publishing committee. They are all of date 1 Jan., 1889, except that ministerial supply is, as far as possible, brought down to date.

The secretary, as heretofore, in no case presumes to insert or omit the name of church or minister on any authority but that of the State secretaries representing their own organizations, or of councils subsequent to the date of annual reports.

The contents of the statistics are as follows: —

1. The statistics of the churches and their ministers, by States.
2. List of Congregational ministers in foreign lands.
3. List of ministers not in pastoral charge of Congregational churches.
4. General summary tables for the year.
5. Tables of summaries. 1858–1888.
6. Remarks upon the statistics and minor explanations.
7. The National, State, and Local organizations of the churches, with officers, and dates of sessions in 1889.
8. Alphabetical List of ministers, with P. O. address, and indexed to pages.
9. Alphabetical List of licentiates.

RULES OF COMPILATION.

1. To arrange in alphabetical order everything capable of it; except that the churches in any one town or city arranged, as they should be, under the name of that town or city, are placed according to age.

2. To make each State list to conform strictly to the *State boundaries*. Churches or ministers reported by the Association of a State other than their own are, therefore, transferred to their proper places; and the summaries are correspondingly corrected.

3. To make *new tables* each year. "Last year's report" (if known to be such) is always omitted. But, while old reports are not to be inserted in the table, the aggregate of such last reports from churches failing to report, in the items of church and Sunday-school membership, are included in the summaries. Justice to the churches which do report requires this, as their real progress may be apparently diminished or reversed, by lack of the figures from their less faithful neighbors. The special attention of State secretaries is called to this point, as it has often been disregarded. The list of churches of this year is compared, name by name, with that of last year, and all variations are specifically mentioned with the State summary, so that each church can be traced from year to year.

4. To examine carefully all the tables, with a view to *correction or addition* by correspondence, especially to correct "pastoral supply" to the latest moment. Proof-sheets have been sent to secretaries and some home-missionary superintendents who could be reached in season. But no such changes have been allowed to affect the summaries.

5. The prime name in a table line is always supposed to be the name of the *place*, town or city, in which the church is located, as determined by the place of the meeting-house. This is also the name of its post-office, unless followed in line or margin by a name in **heavy-faced** type. In such cases the latter is the post-office, and this emphatic type, in line or margin, is used exclusively for names of post-

Digitized by Google

offices. If this postal word is an adjective, it goes with the preceding name, *e. g.*, "Newton, West"; if itself a name, it supersedes the other, as "Newton, Auburndale." Postal designations are not repeated on the second page, and special church names are sometimes given in the second line, for which there was not room in the first. In general, the two pages, being invariably opposite, are treated as one, and marginal references on the second page are made to foot-notes on the first, without repetition when they occur there.

MINOR EXPLANATIONS.

1. Any church given in brackets is one organized since the date of State report; not included in the summary, but inserted for information. A few churches temporarily not associated are inserted by their own wish.

2. Pastors installed or recognized by council are marked "*p. c.*"; pastors duly called by their churches and recognized by some "definite act of the church," but not by council, are marked *p.*; others in service are not marked, but in tabular summaries are counted as "supplies." Blanks in the column of pastoral supply, meaning *no* regularly engaged minister, are left blank for the convenience of those who note pastoral changes.

3. The tables are *not* a postal guide to the addresses of ministers, and any person so using them runs the risk of error. The General Alphabetical List of Ministers gives their post-offices.

4. The two columns following the names of ministers in the tables of churches denote (1) the year of ordination, (2) the year when the minister was installed, or commenced service with that church.

5. A star (*) in the General Alphabetical List of Ministers denotes that the person designated is found in the original State alphabetical list, but is not reported to be a member of *any* association or conference of ministers or churches in the United States; or that he is found supplying some church, or did so last year and may be presumed to be *in transitu*, but is not in the State alphabetical list.

6. Licentiates are not reckoned as ministers. Churches supplied by such, or by ministers of other denominations, are reckoned as vacant; but the number of such churches is given in each State summary. No ministers of other denominations (if so known) are inserted in the General Alphabetical List. Some ministers belong to the two denominations at once.

7. The names of some Congregational ministers are missing; but it is solely because they are not reported by any organization of churches or ministers.

8. Under "Church Members," "Absent" are included in "Males," "Females," and "Total." Under the head of "Removed," "Died," "Letter," and "Discipline" are represented by the abbreviations.

9. Blanks in any column of figures are such as were so left in the State Minutes. They ought always to signify "no report," but some States do not follow the proper rule of inserting a cipher where "none" is meant, and the examiner must conjecture, in any given case, whether "none" or "no report" is intended. In our General Summaries, a blank invariably signifies "no report."

FIRST CONGREGATIONAL CHURCH, ST. LOUIS.

The style is a modification of the Romanesque, as found in France, and the architect has aimed to give an expression of quiet dignity and strength, rather than of picturesqueness. Broad bands of cut stone have been used, instead of moulded string courses, and windows with heavy moulded lintels, and generally in gables. Many of the windows are grouped and have mullions with attached columns, with caps carved with the characteristic foliage of the period. The roof is low pitched, as being in harmony with the style.

The main feature of the exterior is the tower on the corner, which is 22 feet square, and is covered with a pyramidal roof, slated with red slate and finished with a copper cross for finial. The tower roof is further enriched by four turrets, and in addition to the cut stone has terra-cotta panels under the bell deck openings and terra-cotta cornice. The height of the tower, which is perfectly square, is about 80 feet from the ground, and the finial rises 38 feet higher.

The chapel part of the building is in front, and with the tower makes the whole front, masking the church portion, which is in the rear of the lot, and shows a wide gable on either side, pierced by three wide, round, arched windows, grouped and covering small square-headed windows below.

Large and pleasant parlors and supper rooms are provided in the first floor on the avenue, a Sunday-school room over these rooms large enough for all meetings of Sunday school and special services, accommodating 350, and an auditorium seating 650 persons on the floor and 400 in the galleries, entirely unobstructed by columns, with large windows for light, and summer ventilation so much needed in this climate.

The open porch over the main entrance has polished granite columns and carved stone capitals supporting a moulded lintel.

FIRST CONGREGATIONAL CHURCH, ST. LOUIS. — *Continued from page 117.*

From this porch entrance is had by three doorways through a tiled vestibule to the entrance corridor, 20 feet wide and 32 feet long, leading to the main auditorium. To the right of this corridor is a parlor 28 x 32 feet, lighted by a stone mullioned window of five lights. This parlor is connected with a second parlor beyond, 16 x 32 feet, by sliding doorways 12 feet wide, and similar doors connect the first parlor and the corridor; thus for social gatherings the corridor leading to the main auditorium and these parlors can be used in connection, giving practically a room 32 x 64 feet, as at such times the main doorways can be closed and entrance can be had through the side doorway. To the left of the corridor is a committee room, or pastor's study, in the tower, 17 feet square, and beyond this room connection is had with the hall, containing the stairway leading to the Sunday-school room, which occupies the second story over the corridor and parlors. A semicircular extension of the smaller parlor to the rear makes a refectory from which also by means of stairs access is had to rooms of the same size as the corridor, and larger parlor in the basement, intended for larger supper rooms.

The basement also includes large and convenient toilet rooms. All portions of basement under these mentioned parts of the first floor are finished and are 10 feet high.

Parlors and committee room or study rooms are finished with open grates and wood mantels, and the first story of this part of the building is 13½ feet high and is finished with wood dado 4 feet high and cornices.

The Sunday-school room is, as before mentioned, over parlors and entrance corridor, and access is had to it by the stairway in the side hall, which is connected with the entrance corridor by a doorway, and which has an exterior doorway and porch corresponding in design with main porch.

The main auditorium, to which access is had through three doorways from the entrance corridor, corresponding with those of the vestibule entrance, is in the form of a Greek cross with short arms, the width of arms being 49 feet and the depth 15½ feet.

All the truss work and finish of roof is of Southern pine, and the construction is shown. The height of ridge from floor is 51 feet. The organ is "housed," as the Germans say, in a case especially designed by the architect to fit the locality, and is an important feature in the general effect of the auditorium; its design is simple, effect having been sought by large, broad masses of metal pipes, rather than by an elaboration of the woodwork. The interior wood finish of the entire building is white-wood, stained mahogany, excepting the pews. The pulpit and platform furniture is of solid mahogany.

In general, the attempt has been made to erect a building of good and thorough workmanship, of such dignity and beauty as is proper for a building intended to be used for the worship of the Great Architect of the Universe, a building that should contain all needed conveniences for the successful prosecution of all kinds of parish work, and an auditorium where every one may see and hear the minister and be seated as near him as possible,

NOTE. — But few States reported the items for this important table. The ordinations, etc., for those not reporting, are therefore compiled from preceding lists.

Lists of churches added and omitted are given with the summary of each State.

The gain marked "*a*" above is only a gain in reports, being gain over "no report" last year.

As to "Contributions" and "Home Expenditures," in the earlier years reported above, it will be seen that this table is more an exhibit of the number of churches reporting than of totals raised. Before the issue of 1867, one half of the churches did not report either item; many States did not have the item in their schedules. But the more recent reports, while far from complete, are full enough for some consistency and a basis of reasonable comparisons and deductions.

In this table, the "new" churches are occasionally such as were previously "dropped," or have not been previously reported.

Under "Died" (Ministers), until 1873 no account was kept to distinguish between "acting pastors" and "without charge." The difference between "pastors" and "totals" includes these two classes. The fluctuations under "Benevolent Contributions" are greatly due to more or less full reports. See the annual *number of churches reporting* in table next above.

LIST OF CONGREGATIONAL MINISTERS IN THE UNITED STATES.

REPORTED BY THE SEVERAL STATE ORGANIZATIONS.

The following is a compilation of the alphabetical lists furnished by the State Associations and Conferences, corrected by correspondence with their secretaries to the latest possible date. The secretary of the Council in no case presumes to insert or omit a name upon his own responsibility. The State organizations (or later councils) are alone responsible; but the secretary has used his utmost endeavors to obtain a complete and correct list. If any names are omitted, it is because they are not reported by any organization in any State.

The figures refer to pages where the name will be found in the tables, in the Vital Statistics, in the service of the Benevolent Societies, of the Theological Seminaries, in the list of foreign missionaries, or in the list of ministers without pastoral charge, In some cases the *page* is left as in tables, when the post-office is changed since the tables were put to press.

Names starred (*) are of persons who, although mentioned (usually as supplying churches), are not reported as members of any organization of Congregational churches or ministers. A few names are also retained with a * of those who were in active service last year, and may be presumed to be *in transitu*. Such names are not continued a second year, without specific report.

Some post-office addresses are antiquated; but the best possible has been done.

Licentiates are not included in this list, but a list of licentiates follows this, and a list of ministers of other denominations.

Names of persons in last year's list, deceased since the issue of 1888, are retained, and are indexed to the pages of the "Vital Statistics" when found there.

Some errors will be found in first names, initials, and spelling. No pains have been spared to secure accuracy; but, effort failing, the compiler has not ventured to follow even his own convictions, against the unmistakable testimony of the reports.

Names differing only in a single letter and pronounced alike are treated as one name, but spelled according to report. Browne, Clarke, Curtiss, Griffith, etc., and names beginning with Mac. or Mc. are among this number. Names beginning with Mc. or St. are arranged as if the word was not abbreviated.

Letters for our missionaries will be addressed to the care of the society mentioned with the name, such societies (initials) being (as are all foreign addresses) in italics.

LIST OF LICENTIATES REPORTED.

THIS list contains the names of those apparently *reported as under care*, with references to the pages where any such are mentioned as supplying churches. It includes also some names starred (*), which denotes that these persons, while reported as supplying churches, are not reported to be approbated by, or under the care of, any Congregational organization.

Further. 1. This list does not agree with the number given in State Minutes, because all ordained since the lists were reported are here dropped. 2. The post-office addresses are often delusive, the place being that of temporary service only. 3. Names followed by State only are of person approved in the State mentioned, no residence being reported. 4. The list is incomplete, because some States make no full report of licentiates. 5. The contracted name of a State in brackets means that the name was reported by that State, although the person resides elsewhere.

We solicit correspondence from all those desirous of securing organs of the highest grade, wherein the *quality* of workmanship and materials and the perfection and durability of results are substituted for the usual effort to increase the mere number of stops and pipes to the general detriment of the instrument, and wherein the best and most advanced methods are employed with an entire disregard of the ruts in which organ building has been confined by competition in specifications rather than material results. Though seemingly high, when considering only the list of stops, we endeavor to quote prices as low as is consistent with the perfection we have attained, representing no more than the actual and permanent worth of the instrument, as built and adjudged by its musical capacity, scope, and usefulness, and we will gladly aid in such investigations of facts and realities as will help the purchaser to arrive at a judicious and wise decision. Address any of our three factories.

Tired Brain

HORSFORD'S ACID PHOSPHATE.

Prepared according to the directions of Prof. E. N. HORSFORD.

This preparation is a brain food. It increases the capacity for mental labor, and acts as a general tonic and vitalizer. It rests the tired brain, and imparts thereto new life and energy.

Dr. D. P. McClure, Rantoul, Ill., says:
"Very beneficial to strengthen the intellect."

Dr. O. C. Stout, Syracuse, N. Y., says:
"I gave it to one patient who was unable to transact the most ordinary business, because his brain was 'tired and confused' upon the least mental exertion. Immediate benefit and ultimate recovery followed."

Dr. Chas. T. Mitchell, Canandaigua, N. Y., says:
"I recommend it as a restorative in all cases where the nervous system has been reduced below the normal standard by overwork, as found in brain workers, professional men, teachers, students, etc."

Dr. F. W. Lytle, Lebanon, Ill., says:
"I have personally used it with marked advantage when overworked and the nervous system much depressed."

Dr. E. W. Robertson, Cleveland, Ohio, says:
"Can cordially recommend it as a brain and nerve tonic."

THIS is not an advertisement for a type foundry, but for THE TRAVELERS INSURANCE COMPANY OF HARTFORD;

but it is a most appropriate method, for that Company issues every desirable type of personal insurance, at lowest rates consistent with

Safety, and amplest security: Life and Endowment Policies, Annuity Policies, Accident Policies, Combined Life and Accident Policies, Accident

Tickets. As an Accident Company, it is the leading one of the world, and larger than all others in America together; starting with no legal monopoly or char-

tered advantage, the equity of its policies and the certainty and promptness of its payments have made people "forsake all others and cleave to it" almost solely. As

a Life Company it ranks among the foremost; its Life Policies are not surpassed in liberality or cheapness by those of any other Company, and in some respects are not equaled. Both Life and

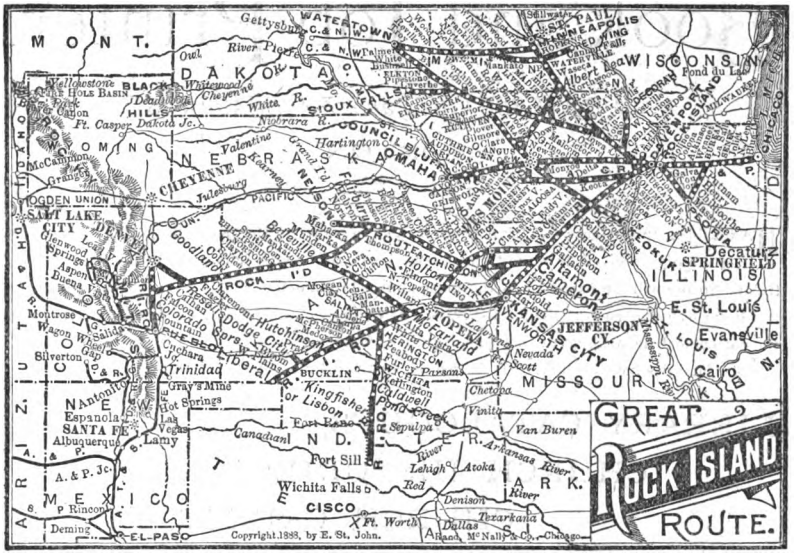

Accident Policy may be combined in one if desired. Has paid Policy-holders $16,000,000, $1,640,000 of it in 1888. Assets, *$10,383,000.* Surplus, *$2,041,000.*

THE CONGREGATIONALIST
AND BOSTON RECORDER.

Seventy-Fifth Year.

THE OLDEST RELIGIOUS NEWSPAPER IN THE WORLD.

THE CONGREGATIONALIST is a family religious journal (weekly) which in all its various departments, Editorial, News, Sunday-school, Juvenile, Literary, Home, etc., aims to keep fully abreast of the times. It has a staff of seven editors in the home office, besides an editor in New York and in Chicago, special editorial writers, editors of departments, and a list of contributors which includes many eminent men and women in all departments of Christian thought and activity.

The REV. A. E. DUNNING, D. D., has become one of the proprietors of THE CONGREGATIONALIST, and is associated with Dr. H. M. Dexter in the editorial management of the paper.

(1.) Every good home should have its own family religious newspaper.
(2.) THE CONGREGATIONALIST is admitted to be one of the best family religious and literary journals in the world.
(3.) Articles, stories, poems, and essays from THE CONGREGATIONALIST are constantly found quoted in many other journals, North, South, East, and West.
(4.) Every minister and every intelligent layman ought to know what other churches are doing and planning to do. See THE CONGREGATIONALIST.
(5.) Short sketches from the best writers, such as enlist the interest of old and young in the family circle, are a specialty with THE CONGREGATIONALIST.
(6.) To its "Department of Literature" and "Book Reviews" special attention and large space are given in THE CONGREGATIONALIST, sweeping the whole horizon of current thought and literature.
(7.) Many of the most eminent writers, men and women of various denominations, are constantly represented in THE CONGREGATIONALIST.
(8.) Among the main questions, always kept at the front in THE CONGREGATIONALIST, are Christian theology in its relation to modern thought and modern life; temperance, and the protection of the home against the saloon; missions; revivals; education, national, Christian, industrial; the church at work in the Sunday school and through the Sunday school; the home; reforms, and whatever pertains to the fast-growing science of applied Christianity.

☞ *The prayer-meeting topics, prepared especially for* THE CONGREGATIONALIST, *are used in a multitude of churches throughout the land. They are found greatly helpful, especially to those who take* THE CONGREGATIONALIST, *as comments on the topic for the week are given in each paper.*

☞ *The explanation of the Sunday-school Lessons in* THE CONGREGATIONALIST *is by Rev. A. E. Dunning, D. D., whose position at the head of the Chautauqua Normal Union Movement and work at the Summer Assemblies has made his name familiar throughout the land.*

☞ *Professor Austin Phelps, who, perhaps, has no peer as an author of devotional and religious articles, writes only for* THE CONGREGATIONALIST.

☞ *In the Home Department of* THE CONGREGATIONALIST *no pains have been spared to secure the ablest writers on all topics pertaining to social and family life. The best methods for training children are made specially prominent, and mothers, in particular, find this page of the paper full of helpful suggestions. Year by year we are putting more work into this department, finding that there is a steadily increasing interest among our readers in the subjects which come within its province.*

THE CHRISTIAN UNION

Is an independent paper. It acknowledges allegiance to no party, only to patriotism; to no creed, only to truth; to no faction, only to humanity; to no church, only to Christ. It is in politics, non-partisan; in theology, undenominational; in sympathies, catholic; in purpose, constructive; in spirit, full of hope. It is radical, but not revolutionary; neither fears change which is growth, nor desires change which is not. Its field is the world; its instrument, truth; its object, the development of character; its inspiration, faith, hope, and love.

THE ANDOVER REVIEW exists to represent progressive thought in the maintenance and development of Evangelical Theology, and to promote Christianity in its practical relations to individual and social life and to the work of the Church. Some of the special features which lend value and interest to THE ANDOVER REVIEW FOR 1889 are as follows: —

A SERIES OF CHURCH PAPERS.

1. THE PROBLEM OF THE SECOND SERVICE OF THE SABBATH.
2. THE SECULAR WORK OF THE CHURCH.
3. THE RECOVERY OF THE DEVOTIONAL ELEMENT IN WORSHIP AND WORK.
4. THE STUDY OF THE BIBLE IN THE CHURCHES.

Competent writers, including Rev. ALEXANDER MCKENZIE, D. D., Rev. CHARLES A. DICKINSON, and Rev. DEWITT S. CLARK, treat these subjects, and others comment on their articles.

PUBLIC INSTRUCTION IN RELIGION.

This important subject, just now demanding wise consideration, is discussed by prominent educators, who will treat of Religious Instruction, both in Common Schools and in Colleges.

in Germany, England, and America, is treated by writers who can speak with peculiar authority by virtue of their ample information.

SOCIAL ECONOMICS.

The Elective Course in Social Economics at Andover Theological Seminary, covering many important subjects on which intelligent citizens should be thoroughly informed, is described in outline, from month to month, and authorities are indicated.

LITERATURE AND RELIGION.

The REVIEW continues to discuss Literary Questions, and special works and authors, in their relations to Morals and Religion.

HYMNS OF THE FAITH.

With Psalms. For the Use of Congregations. Edited by George Harris, D. D., and William J. Tucker, D. D., Professors in Andover Theological Seminary, and Mr. Edward K. Glezen, of Providence, Rhode Island. Crown 8vo.

The Music Committee of the Eliot Church, Newton, Mass. (Rev. Wolcott Calkins, D. D.), in choosing a new hymn book for use in their church, applied the test of singing *every tune* in each book under examination. The *hymns* were studied with equal care, and as a result the committee decided on *Hymns of the Faith*, and ordered about one thousand copies.

Rev. Albert H. Plumb, D. D., Pastor Walnut Avenue Congregational Church, Boston, writes: "I have much enjoyed the perusal of *Hymns of the Faith*. It has the great advantage of comprising, in a manual of convenient form and beautiful mechanical execution, many rare hymns and much fine music nowhere else combined, so far as I know."

Rev. F. W. Baldwin, Chelsea, Mass., says of *Hymns of the Faith*: "In choice of hymns and tunes, in arrangement of the Psalms for chanting, and in the good taste shown in all its parts, it is pre-eminent. I believe it is destined to supersede many of the manuals now in use, and that wherever introduced it cannot fail to lead to higher and truer forms of worship."

AMERICAN BOOK OF CHURCH SERVICES.

With Selections for Responsive Reading, and full Orders of Service for the Celebration of Matrimony, and for Funerals and other Occasional Ministrations; also, an ample list of Selections of Sacred Music, with References for the Guidance of Pastors and Choristers. Arranged by Rev. Edward Hungerford. 16mo, $1.25.

Rev. Daniel Merriman, D. D., Pastor of the Central Church, Worcester, Mass., says of it: "The *American Book of Church Services* seems to me, on the whole, the best of the kind that has been presented to the churches, harmonizing as it does with the general Congregational tradition in respect to worship, and making a distinct and important advance upon it. . . . I like very much the increased and rightful use which it makes in respect to music, the choir calls, responses, chants, and antiphons. I like also the bringing forward of the litany as a helpful part of worship. Particularly do I like the litany which you propose for the Sunday school. The order for family worship is also excellent."

Correspondence with pastors and church committees with reference to the introduction of "Hymns of Faith" *and* "Church Services" *is cordially invited by the Publishers*

OBERLIN CONSERVATORY OF MUSIC.

The attention of music students is invited to the unequalled combination of advantages to be found at this Conservatory. (1) It is carried on in a pre-eminently religious atmosphere. Its teachers are all Christian men and women, who believe that the highest attainments in music should not be gained, as they too often are, with a lapse from good habits or the loss of Christian faith. (2) Its instruction is of the most thorough sort. It aims to give that genuine culture in music which is much more than the mere ability to sing a song or thrum an instrument. (3) Its charges are very low. The entire expenses of a music student for a College year need not exceed $300 to $350, and with careful economy may be brought still lower. (4) Those who wish to give only a part of their time to music are able to pursue special studies, under the best of teachers, in any of the other departments of Oberlin College.

Five hundred and forty-four students were in attendance at this Conservatory last year, and it has more applications every year for teachers, organists, etc., than it can fill from its graduates. For catalogue and fuller particulars, address PROF. F. B. RICE, *Director*, Oberlin, Ohio.

OBERLIN COLLEGE.

DEPARTMENT OF THEOLOGY. — Instruction is given by the President, seven Professors and eminent special lecturers, appointed from year to year. Students have commodious furnished rooms in COUNCIL HALL, which is devoted exclusively to the uses of this department. They have free access to all the classes, libraries, and cabinets of the other departments. Three months during the summer can be spent in home-missionary or other labor, with compensation, without interference with studies. During the last half of the course the students have frequent opportunities to supply the neighboring churches. Students who need pecuniary assistance receive the usual aid from the American Educational Society, and such appropriations from special funds under the control of the Seminary as enable them, with reasonable economy, to pursue their course without interruption or embarrassment. Extended Elective Course.

DEPARTMENT OF PHILOSOPHY AND THE ARTS. — Eighteen professors give instruction in this department. The *Classical Course* (for degree of A. B.) presents all the advantages in requirements for admission, standard of scholarship, range of elective studies in Literature, History, Philosophy, and Science, of our best colleges. The *Philosophical Course* (for degree of Ph. B.) and the *Literary Course* are like the above, with the exception that less classical Literature is required. The advantages of this department are enhanced by the new Spear Library Building, the re-arrangement of the Cabinet, and the occupation of Peters Hall.

DEPARTMENT OF PREPARATORY INSTRUCTION. — Comprises a Classical School, which prepares students for the best colleges, and an English School, which prepares students for the Literary Course in the Department of Philosophy and the Arts; and offers the advantages of a first-class Academy to those who can spend but little time at school. Instruction is given by the Principal of this department, twelve tutors, and about twenty-five special teachers.

Expenses in all departments for tuition, incidentals, and board are *very* low. Students who do not wish to take a full course can select such studies in any department as they are prepared to pursue to advantage. Both sexes admitted. Location healthful, and religious influences the best. No drinking saloons in town. In all departments, Fall Term begins Sept. 17, 1889; Winter Term begins Jan. 7, 1890; Spring Term begins April 8, 1890. Circulars, with full information, sent free by

THE leading American hymn and tune books of to-day are those published by The Century Co., of New-York, and compiled by the Rev. Chas. S. Robinson, D. D., LL. D., of whose works nearly

TWO MILLIONS

have found their way into the churches of America. Since the issue of his famous "Songs for the Sanctuary" in 1865, Dr. Robinson has put forth several similar books, each based upon that, retaining its good features supplemented by new hymns and tunes and new adaptations. Dr. Robinson has kept not abreast but ahead of the times. The latest of all is

"LAUDES DOMINI,"

the great success of the present day, which the Rev. Dr. Noble, of Chicago, calls "the final challenge of hymn-book making genius." Let us send you circulars of this and our other books,—books for prayer-meetings, Sunday-schools, responsive reading services, etc., etc.—THE BEST IN EACH LINE.
